Bachelor of Technology in Computer Science Engineering, GLA University, Mathura	2023
Intermediate	2019
High School	2017

INTERNSHIP EXPERIENCE

Dysmech Consultancy Services <i>Smart Water Management Using IOT</i>	May 2020 - June 2020
<ul style="list-style-type: none">● Designed a smart system for detecting the water level in the tank and preventing overflow.● Analysed the water usage and detecting leakage using IOT sensors.	

PROJECTS

Coffee Machine Simulator

- Program a coffee machine simulator. The machine works with typical products: coffee, milk, sugar, and plastic cups; if it runs out of something, it shows a notification. It makes three types of coffee and also collects money.

Tic-Tac-Toe

- Program a tic-tac-toe game which is to be played between two people.
- It ends when one of the players has won the game or if no one wins, the game is said to be drawn.
